Internship Letter of Recommendation

Date: 1st December 2021

To Whomsoever it may concern

Mr. Gitanshu Goyal has interned as Web Developer for a duration of 3 months in our organisation, Creatix Digibar. He has been a bright, articulate, determined and hardworking person and was able to meet the deadlines without any complaints.

To grow businesses we provide exceptional services of creating websites and maintaining social media handles for various organizations or companies. Working in this fast-changing world, we make websites, graphics, videos and helped numerous companies grow with a stronger online presence through good content and amazing visuals. Our team consists of people with dynamic creativity in line to become the leaders of tomorrow.

He has been responsible for interacting with clients and generating websites through all the media platforms. He's also responsible for planning and implementing strategies to promote content, increase reach and brand awareness. He has been evaluated based on your activeness, pitching ideas, and creativity in creating content to target the right audience. He had been wonderfully handling the existing clients website as a support section and had been one of the star members of the team.

We are sure that he will be a valuable asset to your organisation. We would highly recommend for the job she has applied for. His internship ended with us on 30/11/2021.
